**Section 403(r)(6) Notification**

Dear Sir or Madam:

In accordance with the requirement of section 403(r)(6) of the Federal Food, Drug and Cosmetic Act, **Leiner Health Products** notifies the FDA that it has begun using the following phrase and statements:

**Bone Health Complex**

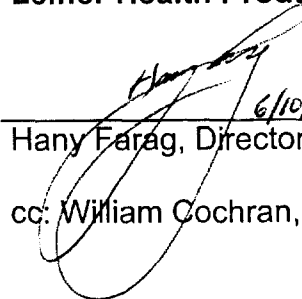

**Your Life® Calcium + Soy Isoflavones and Vitamin D is an exceptional complex for bone health. A healthful diet with adequate calcium is essential in achieving peak bone mass in children and young adults and maintaining bone health during adulthood. Individuals who do not store enough calcium throughout their lives have an increased risk for developing osteoporosis. Vitamin D assists in the absorption of calcium. Soy isoflavones, a natural plant hormone (phytoestrogen), in conjunction with calcium and vitamin D, provide supplementation that can help your body to retain bone mass.**

on the following product:

**YourLife® Calcium 500 mg + Soy Isoflavones 15 mg and Vitamin D 200 I.U.**

Very truly yours,

**Leiner Health Products**

  
Hany Farag, Director of Regulatory Affairs
